The Seed Library is a free program for Livonia Public Library Cardholders that is committed to increasing our ability to feed ourselves wholesome food by offering seeds and education. Through the time-honored tradition of seed saving, we celebrate biodiversity, nurture locally adapted plant varieties, and foster community resilience, self-reliance, and a culture of sharing.

The Seed Library operates on the honor system and exclusively through your donations and your volunteering. Please do use our seed checkout form in the seed checkout book to check out your seeds. We encourage all members to learn basic seed-saving techniques. We encourage that beginning seed savers grow out and return seeds from lettuce, tomato, bean, peas, or any seed in the “Easy” seed saving category the first year. If you are unable to save your own seed, please consider donating a packet or two of fresh, commercially grown, open-pollinated (non-hybrid, non-GMO, and untreated) seed to keep our library stocked. Returned seed will allow us to keep the library well stocked.

Name: _____

Phone Number (optional): _____

Email Address (Please print carefully): _____

Would you like to be contacted about seed swaps, classes, programs, etc.? Yes No

How much seed saving knowledge and experience do you have?
(Circle One) None Some Lots

How much gardening experience do you have? None Some Lots

Would you be willing to volunteer time at the Seed Library? Yes No

If so, **please circle ways you might help:**

Organizing the library Preparing seed packets Teaching classes Mentoring other gardeners
Fundraising Other (Please specify): _____

The Safe Seed Promise:

For the benefit of all farmers, gardeners, consumers, and seed library users who want an alternative, **I promise that I do not knowingly buy, grow, share or trade patented or genetically engineered (“GMO”) seeds or plants.** Additionally, as a member of the Livonia Public Library Seed Library, I promise to grow plants and save seeds according to best practices to ensure that I return viable seed that will produce plants true to the variety I label them to be.
