

Your child may be beginning to read on their own. Using the 25 pre-selected books and 25 of your child's choice, complete the 50 in First Challenge by having your child read to you and/or read the books together. Simply read a book and mark it off on your paper log and/or select a badge in Beanstack for every five books completed. When all 50 are complete, your child will be able to select a free book to add to your home library.

This challenge may be completed between the June before first grade through the end of the school year. To register go to livonialibrary.beanstack.org
